

MOVING WILL COUNTY

WE NEED YOUR INPUT ON
PROPOSED DESIGNATED
TRUCK ROUTES 

Moving Will County is a **Truck Routing & Communities Study** and a **Transportation & Land Use Strategy** with the goal of **achieving balance** between truck traffic, industrial land uses, agricultural business, natural and cultural resources, and residential areas.

At this point in the project, we are seeking feedback on the preliminary **Proposed Designated Truck Routes** outlined to the right. The point of these recommendations is to let **truck drivers and GPS companies know which roads local municipalities would prefer they take.**

LET US KNOW WHAT YOU THINK!

Call **313.318.4107** and leave us a voicemail to share your feedback. Or, visit **www.MovingWillCounty.org** and send us a comment.

LEGEND:

-  TRUCK ROUTING & COMMUNITIES STUDY AREA
-  EXISTING CLASS I & II

PROPOSED NEW DESIGNATED TRUCK ROUTES:

-  SHORT TERM CLASS II
-  LONG TERM CLASS II
-  TRUCKS NOT PREFERRED
